№ 1.02-01/317 dated 09.09.2025

To the heads of organizations

Tender for the selection of a
Developer company for the
National Exposition of the
Republic of Belarus

Dear partners,

Exhibition Unitary Enterprise Belinterexpo of the Belarusian Chamber of Commerce and Industry (BelCCI) is the organizer of the National Exposition of the Republic of Belarus at the 8th China International Import Expo (CIIE), scheduled to take place from November 5 to 10, 2025, in Shanghai.

We invite you to participate in the tender, which aims to select a contracting organization capable of constructing and accrediting the collective stand of the Republic of Belarus in accordance with the approved design project and technical specifications.

The project involves the creation of three exhibition stands in an "island" format, developed based on an individual design provided by Belinterexpo of the Belarusian Chamber of Commerce and Industry. The total areas of the stands are 132, 150, and 120 square meters, respectively. We kindly request you to prepare and submit your proposal for the stand design.

Payment shall be made via bank transfer, with 70% of the total amount payable as a prepayment, and the remaining 30% upon completion of the event. Additionally, there is an opportunity to receive a subsidy for the Country Pavilion, which should be included in your offer if applicable.

Interested companies are invited to submit their commercial proposals based on the attached technical specifications and design project, along with the following information:

1. Portfolio with photographs of completed exhibition stands;
2. Bank details and preferred payment currency;
3. Documents confirming the legal status of the contractor (e.g., certificate of registration, permits attesting to legal capacity, and authorization to perform developer activities);

4. Letters of recommendation and appreciation from organizers of CIIE or other relevant organizations (if available).

Please submit your documents for the tender via email to tender@belinterexpo.by no later than September 11, 2025.

The technical specifications and the stand design project are attached in electronic form.

We look forward to your participation and to further cooperation.

Director

Kurash Natali
